ADULTS		
TECH INSTRUCTION (Includes Makerspace)		

Community Engagement

- Storytimes
- Crafternoons
- Clean Air Location

Core Services

- K-Readiness Program began on July 30th. There are three sessions of approximately 10 kids each on Wednesday mornings. This program will run for two more consecutive Wednesdays in August. During these sessions, I introduce students entering kindergarten in the fall to the library. Activities and stories relating to the library are provided by MPL staff.
- Large air purifier and smaller purifier along with informational handouts from Climate Smart Missoula are now located at the Lolo branch. This will provide a clean air facility for those needing a reprieve from wildfire smoke.
- Story time each week and a crafternoon session are available to children during public hours.
- Children are beginning to return their reading logs for prizes.
- Cataloging and processing new items for the Lolo school collection.

Sustainability & Wellness

- Clean air facility at the Lolo branch.
