SEPTEMBER MEETING

With our September meeting, WMGS enters its second decade! Join us Wednesday, September 6th, 7 p.m., in the Missoula Public Library downstairs meeting room for the first meeting of our 11th year. After the business meeting, Jerry Schliebe will talk about the history of his personal genealogical research, including his ancestors in Prussia (the portion that is now Poland). And, he has pictures to show. Refreshments will be provided by Joyce Kemmer. Bring a friend with you to the meeting and learn what other members are up to!

INDEX TO THE DEATH AND BURIAL RECORDS OF MISSOULA COUNTY, MONTANA

Volume 1—Missoula City Cemetery: about 212 pages (17,000+ entries)
Volume 2—All other cemeteries in city and county of Missoula: about 142 pages (11,000+ entries); includes addendum of people who died in Missoula Co. but Paulette is not absolutely sure they are buried in the county.

—ANTICIPATED PUBLICATION: late September. LOOK FOR ORDER FORM IN THE NEXT NEWSLETTER!!! Price will include postage/handling.

—These volumes are a KEY to the WMGS "BIO. SHEETS."

—Format for each entry in the volumes is: SURNAME; 1st NAME; MIDDLE NAME (or nickname or conflict of names); SEX; DEATH DATE; CEMETARY BURIED IN; BURIAL DATE.
—All entries are based on a CEMETARY RECORD and a TOMBSTONE INSCRIPTION.
—Additionally, some entries are based on mortuary records, Missoulian obituary, church records, etc.—any source that enabled Paulette to further complete the entry. Due to poor, incomplete, and/or missing records, several of the entries in the volumes are incomplete.
—Earliest burial date listed is 1860; latest is about 1987 (exceptions include Sunset Cemetery to about 1985 and Carlton Cemetery to about 1986).

—WMGS is the publisher; Paulette will have the copyright; profits go to WMGS.
—Copy for the volumes is based on high-quality, laser-printer type (Thanks to Harold Fisher!)
—Volume 3 is being worked on; it will be based on MORTUARY RECORDS.
—By way of comparison, only about 25% of the entries can be found in Missoula newspapers! Many incomplete entries are due to minimal name (i.e., "baby Smith"); vague death/burial date ("died August"); vague "cemetery" or burial location ("buried in upper Rattlesnake [Creek] area"); cremated and location of remains unknown—in family attic? backyard? sprinkled over the mountains??); no sex recorded ("baby Smith"); etc.
—This is the result of over 3 years of Paulette’s free time (and numerous volunteers who gathered tombstone inscriptions, etc. for the Bio. Sheets.)
—A Second Edition is already in the planning—for the "far" (20 years?) future. It will, hopefully, fill in the blanks of this first edition, and cover deaths and burials from about 1988 to publication date. It will be quite complete, "Because," to quote Paulette, "all of the sources are going to be consulted and every hole that can possibly be filled, will be done, before we do a second edition!"

"BIO. SHEETS" contain data for Missoula County people. Some of the data (blanks) on each sheet include: birth, marriage, and death dates and places; mortuary handling cremation/burial; where buried; etc. The sheets are INCOMPLETE and being added to all the time (i.e., as Missoulian obituaries are indexed, etc.). Information sources include: cemetery, county, mortuary, and church records; obituaries; and tombstones. ALL (possible) sources have NOT been checked relative to ALL of these bio sheets—this is an ongoing project by WMGS. The Bio. Sheets are property of WMGS; stored at the Missoula Public Library; and protected by library-staff-only access—ask library staff to see these—they cannot leave the library—they may be copied.
DUES ARE DUE! Bring your check to the Sept meeting or mail your check to Harold Fisher, c/o Western Montana Genealogical Society at the address above. Dues for single members are $10 each, or $12 for family membership, per year.
