Community Engagement

My favorite month our here. Busy with lots of kids for story time and crafts, continuing to serve lunches before the quietness of Academic schedule

Over 30 reading charts were given out. Twenty-five first, second, and third, rewards were given out. Thanks to Town Pump for their generosity.

Missoula Food Bank provided 30 meals per day (3 days each week).

Lunches served in August – 239 students

Adults accompanying - 80

Story Time was attended by more kids this month. A local day care came regularly.

Some of the kids did activities before story time and others stayed for crafts and lunch.

Spectrum did a human body presentation. Not as many came as we have had in the past. Maybe fewer due to the time in mid-August. Interesting info was provided. Love the hands-on work.

Book Club met in August to discuss Framed: Astonishing true stories of wrongful convictions by Grisham and McCloskey. Ten attended. Intriguing discussions not only about the book but what has happened in the courts to some of them.

Completed three new library cards this month.

Core Services

Continue to cover all types of books for MPL.

Sustainability & Wellness
